No Smoking Oath Activity:

Smoking PACK-UP your Health.

No-Smoking BACK-UP your health.

Looking at the present depressing situation, our school organised a virtual No Smoking oath session where in students were told to remain connected with family, have a close circle of friends, to talk and seek help whenever in problem and never ever to develop smoking habit.

LISTENING ACTIVITY

As the scope of interaction gets limited in an online class, music comes to our rescue. These melodious sessions of listening to music help kids to engage and focus on listening without being boring. It also helps them to understand different accents. One such session was organized for our students. They thoroughly enjoyed and responded in the discussion about the genre, composition and lyrics. The following songs were played:

The Sound of Silence by Simon and Garfunkel

High Hopes by Pink Floyd

Learning Through Painting Activity:

Few lessons are best understood when integrated with art. One such lesson, "Landscape of the Soul" explains the subtle nuances of the western and the eastern philosophy. Taking a cue from this, we planned an activity to teach how to read paintings and how it elucidates so much about the culture and tradition of an age like Whyte primitive men and their paintings of animals. It was a great session where we got remarkable response from the students.
