HEALTH DAY

“Health is Wealth” keeping this in mind the little toddlers performed various hygiene activities on World Health Day.

BUDDY DAY

As it's said 'A FRIEND IN NEED IS A FRIEND INDEED'. Our little East Pointers celebrated Buddy Day on 7th April,21 where they made a card using shapes and gifted it to their buddy to convey the message that a friend is always there to help.

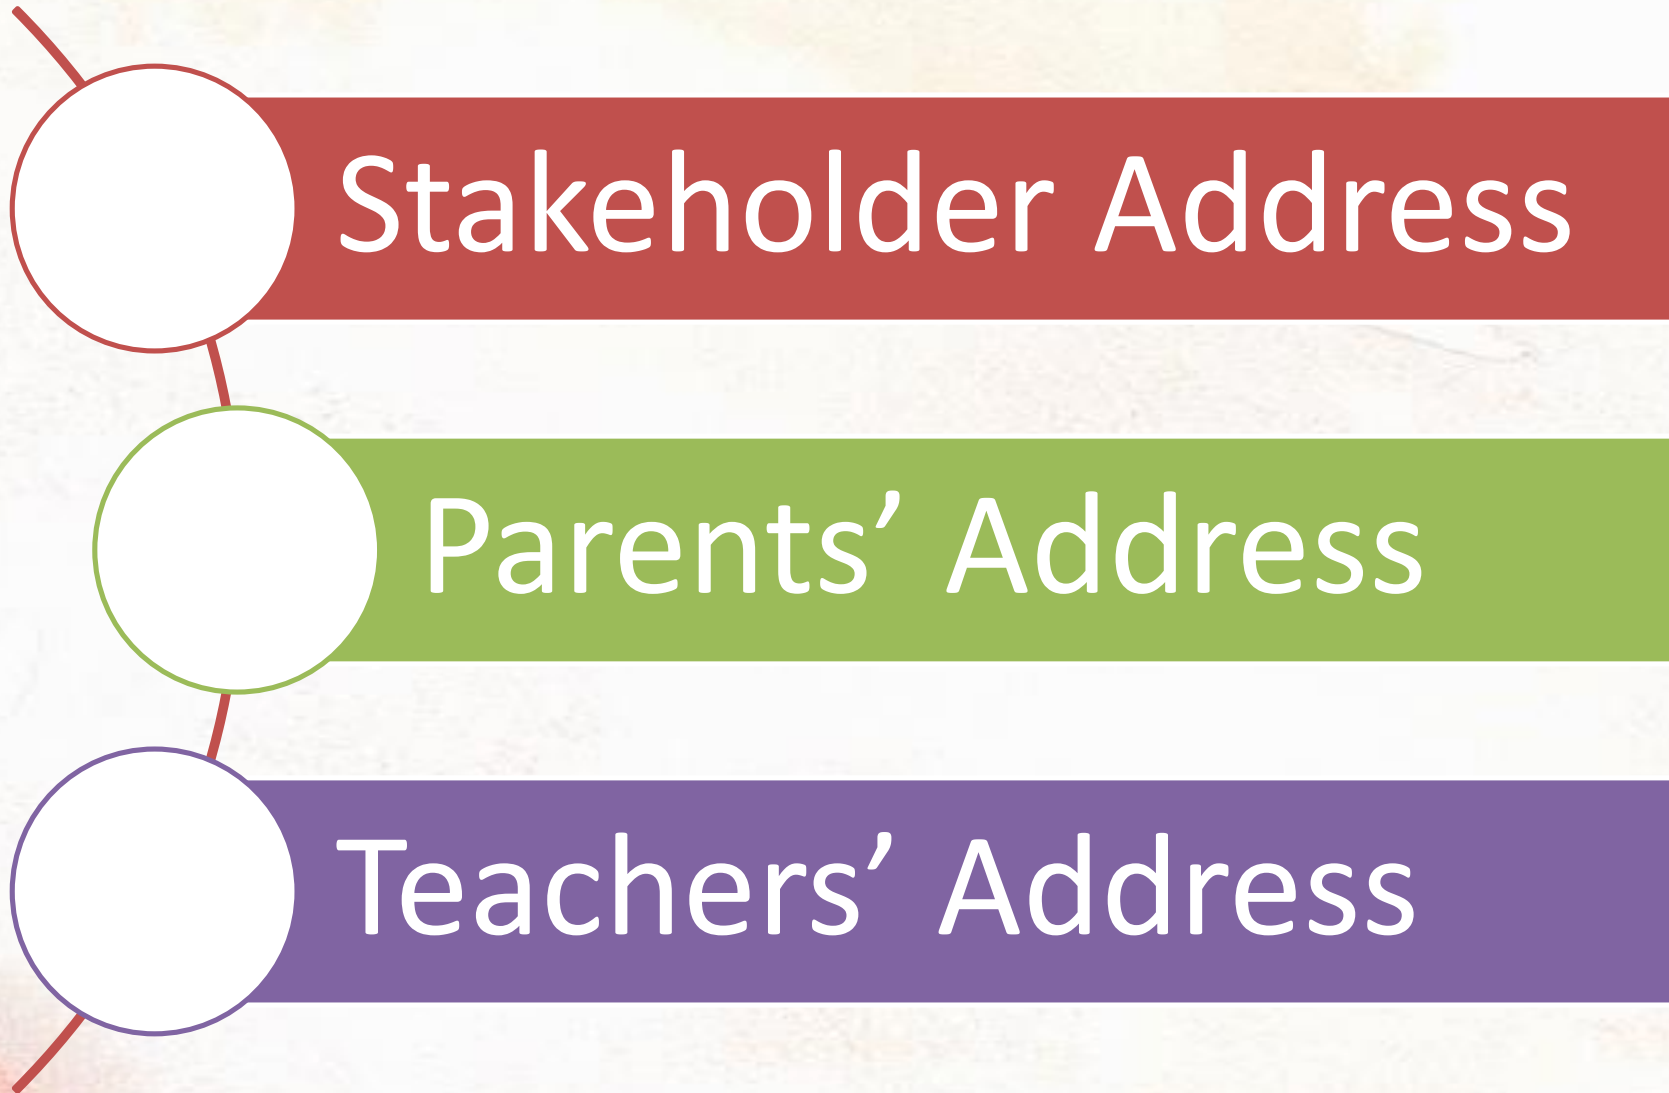

EARTH DAY

'Love the Earth as you would love yourself'. Keeping this in mind our little east pointers celebrated Earth Day. They pledged to keep the Mother Earth Blue and Green by saving water and planting more and more trees.

Stakeholder Address

It gives me great pleasure to welcome each one of you to the new session 2021-22 with the first edition of the Newsletter of East Point School. The newsletter is just not a collection of the various activities conducted by the school and done the students but it is a reflection of the ethos of the school. It is a glimpse of the school vision and mission through varied activities conducted in the school with equal participation of the students to achieve the desired learning outcome. I would like to take this opportunity to congratulate all the students for their active participation. As it is rightly said Winning and Losing both will take place in life simultaneously but what is most important is to never quit. So I wish each one of you all the best for your future endeavours. Stay safe and healthy.

Parents' Address

I am parent of Anvika Vinod of Class KG-B. I would like to take this opportunity to express my sincere gratitude to the Teachers and Staff of East Point School for keeping up with my daughter's education during this pandemic time. Due to Covid, children adopted new mode of learning (online classes), teachers made it happen without any major issues. The kind of hard work the teachers are putting into their studies really show how much dedicated and sincere they are towards shaping the kid's future.
Hoping for a wonderful academic year!!!!!!

Best Regards

Teachers' Address

Today ,the role of a school is not only to pursue academic excellence but also to hone the latent talents of young children to help them be lifelong learners. Here, at EPS, we try to provide the best possible environment for holistic development of tiny tots by creating a conducive ambience and providing a well structured curriculum in a two way process where a child grows and learns in a natural way.

EPS gives a healthy exposure to each and every child to academics, sports, music ,dance and many other skills for lifetime learning.

We also convey our sincere thanks to parents for their persistent cooperation and trust shown in us.
