

EAST POINT SCHOOL

NEWSLETTER – CLASS III

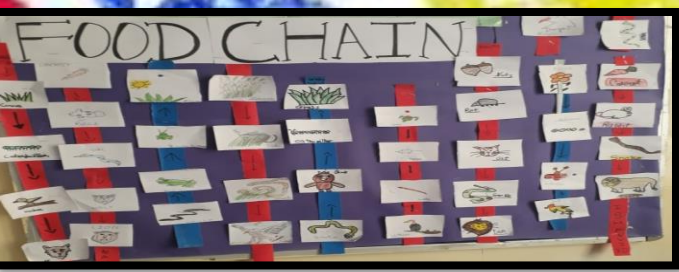

JULY

VAN MAHOTSAV CELEBRATION

While learning about segregation of waste and waste management, children made useful decorative items for their study table by using newspaper. They also enhanced their knowledge on recycle and reuse of their daily waste items.

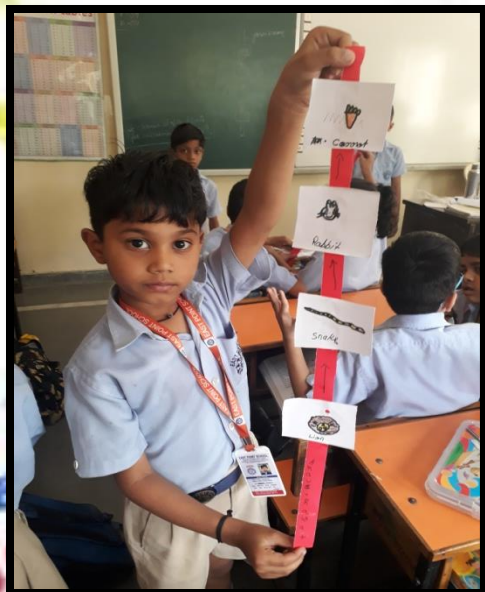

HANDS ON ACTIVITY

Food Chain

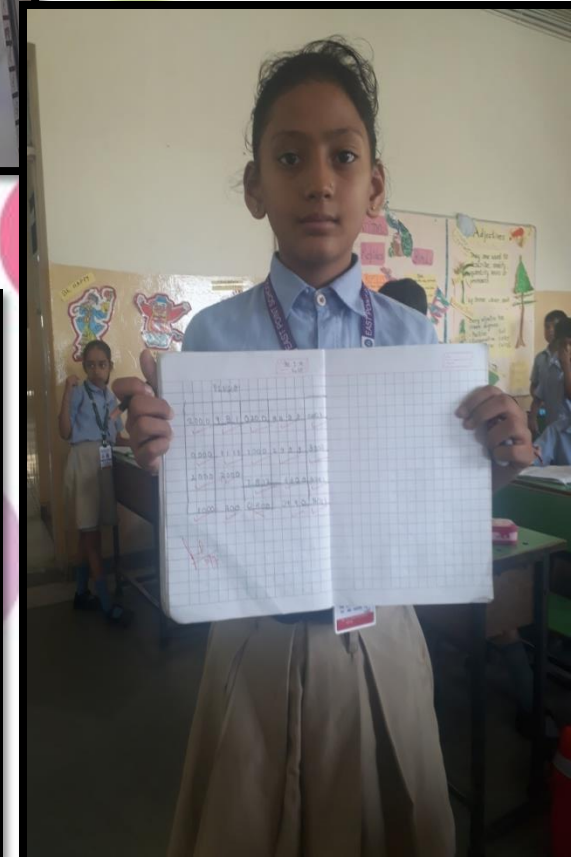

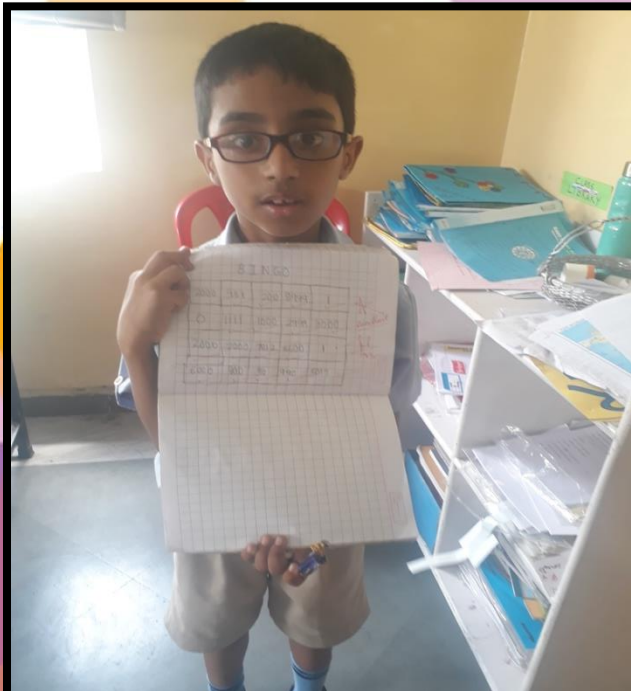

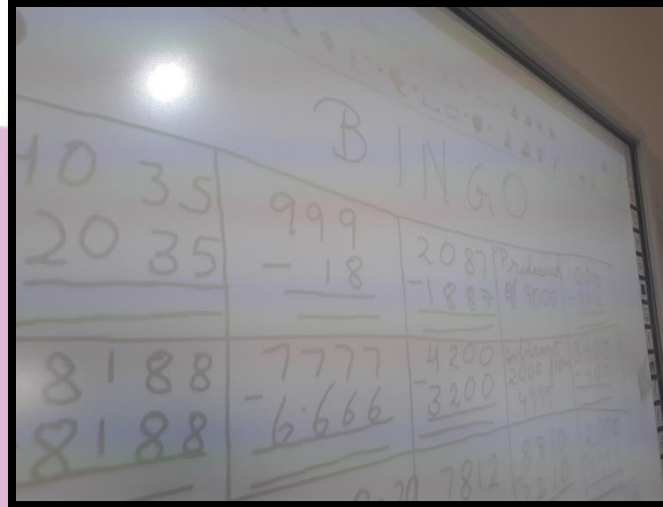

To enhance the concept of food chain children made food chain danglers. They really enjoyed the activity and were very excited about it.

MATHS ACTIVITY

LET'S PLAY BINGO

To enhance the concept of subtraction Bingo game was played by the children. The child who was the first one with all the correct answers won the game. Children really enjoyed it.

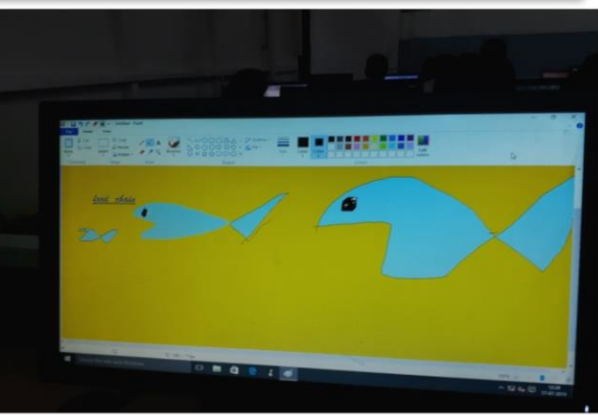

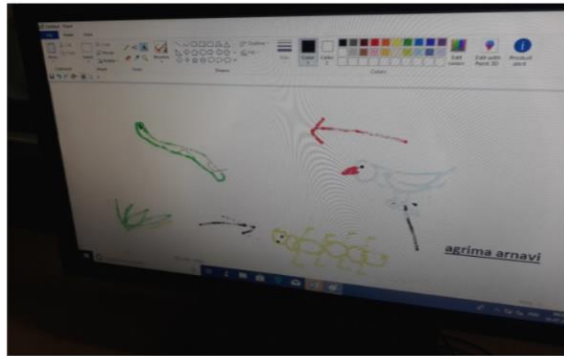

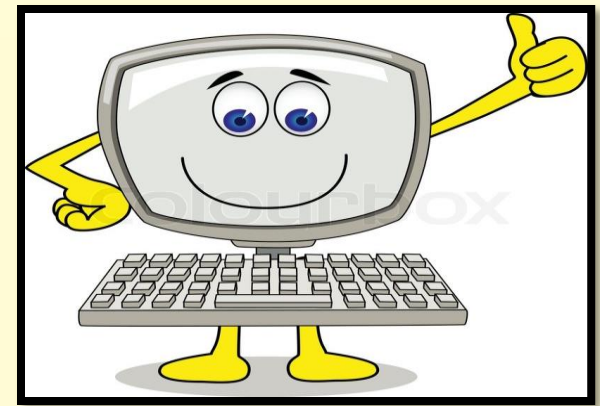

TIGER DAY ACTIVITY

Children were told about need to save tigers and how their number is decreasing and its effect on environment. Children made tiger mask and went to different classes to tell about them.

INTEGRATION WITH ICT

To enhance the use of technology with the subjects the children located the continents and oceans on the world map on the computer and also drew the food chain on MS Paint. They were excited about the activity.

STEP ON THE MAP AND ENJOY

Children enjoyed and learnt the location, direction and names of seven continents and five oceans through *World map carpet* in junior resource room. They enthusiastically participated in group and individual games.

ENGLISH ACTIVITY

Long and Short vowels activities was conducted to enhance the reading and speaking skills of the students.
