Puzzle Activity

Children enjoyed making interesting puzzles to learn the locations of states of India .

Puzzles are fun!

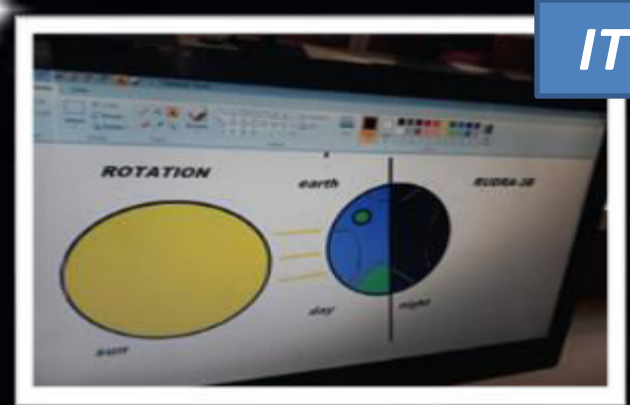

Science Week

IT

Space Explorers

In the science week children learnt about rotation and revolution of the Earth and solar system by doing role play and making models. Children also did a lot of research work and were excited about it .

Solar system is made up of The Sun and the eight planets.

Our models

Role Play

SCIENCE EXHIBITION

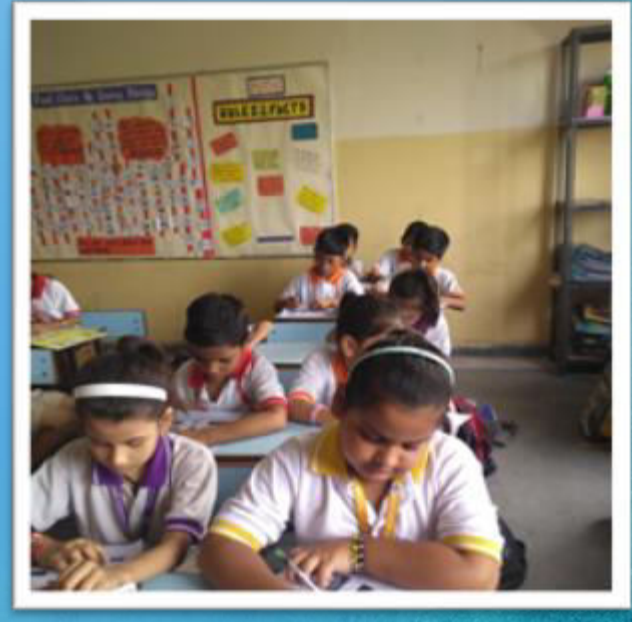

Mad About Space

Children displayed their work of science week with great enthusiasm and some volunteers explained it to parents on the PTM .

ISA ACTIVITY

Under the banner of British Council children enhanced their knowledge by doing a project on water: life savior (adding life to lives). They recorded their learning on conservation of water through worksheets.

PAPER RECYCLING

Learning through regular practice of collection of waste paper in separate netted bins.

We should do it at home too.

Recycling is fun!

INDEPENDENCE DAY CELEBRATION

Hindi song "Jaabaz hum chale "

English elocution – My Dream India

Nukaad Natak

We are here to tell you the true
meaning of Independence.

FABER CASTLE ART COMPETITION

An art competition was conducted on the topic “The sport I love” by the Faber Castle on the National Sports Day. Children were very excited about it.

NATIONAL SPORTS DAY

To encourage the children to inculcate physical activity and sports in their life various activities like yoga, fitness exercises wall climbing , hurdles etc were conducted.

SAY NO TO PLASTIC BAGS

To spread the awareness about the plastic free environment children presented a poem for everyone with enthusiasm.

SAY NO TO PLASTIC BAGS

Phonetics do
matter!!!!

This sign language song shows the sign for each letter of the alphabet and then it also shows the sign for words with the beginning sound for each letter of the alphabet. A great way for students to learn sign language for kid-friendly words in our environment. Jack

MATHS ACTIVITY

To enhance the concept of fraction an activity was conducted with the fraction kit where the children made various fractions on their own.
