DEAR ACTIVITY-DROPEVERYTHING AND READ

- ▶ Students participated in Dear Activity , where they read the books or novels of their own choice and learnt to appreciate about the importance of reading in their lives.

हिंदी गतिविधियाँ

- ▶ बच्चों ने चित्र वर्णन किया है। जिसमें छात्रों को स्मार्ट बोर्ड पर चित्र दिखाई गई है। बच्चों ने उसका वर्णन किया और सुंदर चित्र भी बनाए हैं। दूसरे गतिविधि में क्षमायाचना कार्ड बनाए हैं। इस गतिविधि में बच्चों ने क्षमायाचना कार्ड के माध्यम से अपनी गलतियों के लिए माफ़ी माँगी है।

Science week: Healthy living

DAY 1: Watching video followed by basic stretching exercise, neck movement, eye sight exercise and breathing exercise were done in class. The students enthusiastically participated in the exercise done in the classes.

Day 2: Visit to the library

- ▶ A ppt was shown in the classes to introduce how the various agents by which communicable diseases spread. Students were provided books from the library to do read and find out more about these diseases.

Day 3: Pamphlet making activity

- ▶ Students made pamphlets to spread awareness about diseases caused by dirty water and mosquitoes and how to protect ourselves.

Day 4: Interaction with Subject expert

- ▶ Student learnt about vaccines and understood why is necessary to get vaccinated. This was followed by interaction about different vaccines and diseases they protect from.

Day 5: Presentation Day

- ▶ The students gave group presentation about different vaccines and their importance. They used their own immunization cards to explain about the vaccines they have taken till current age.

Day 6: Science Quiz

- ▶ Inter house science quiz was conducted for the students to develop their interest in the subject.

SCIENCE EXHIBITION

- ▶ Students demonstrated yoga asanas and different exercises to spread awareness about importance of keeping ourselves fit and healthy.

Thank You!
