MATHS ACTIVITY

DIVISION

- Students are using Logico Picolo activity kit to enhance the skill of division.
- The cards of this activity kit helps them to do quick calculation in division.

THINK GREEN ACTIVITY: REDUCING PLASTIC CAMPAIGN

Children collected single use plastic with enthusiasm. Children also planned and took a pledge to reduce the use of single use plastic.

We should carry our cloth bag for shopping.

I will use steel lunch box.

I will carry my water bottle everywhere.

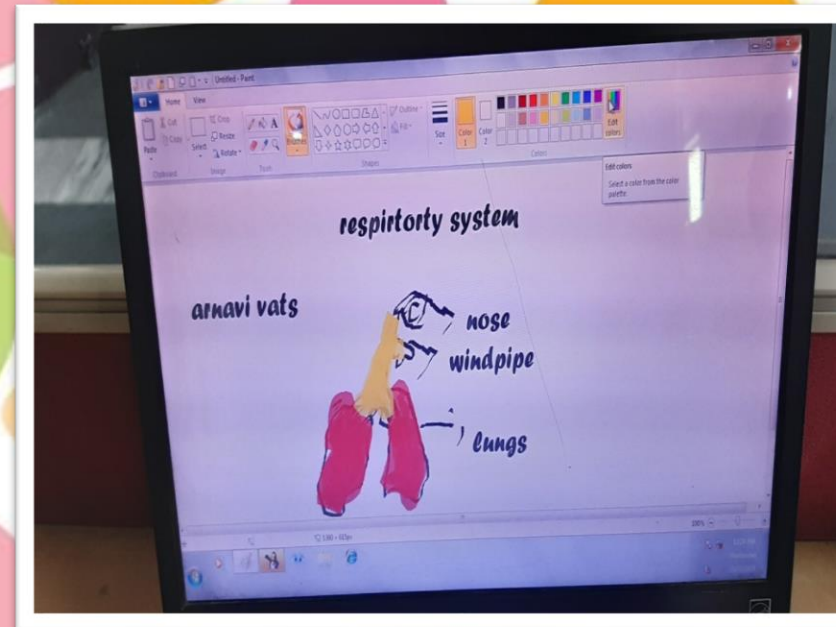

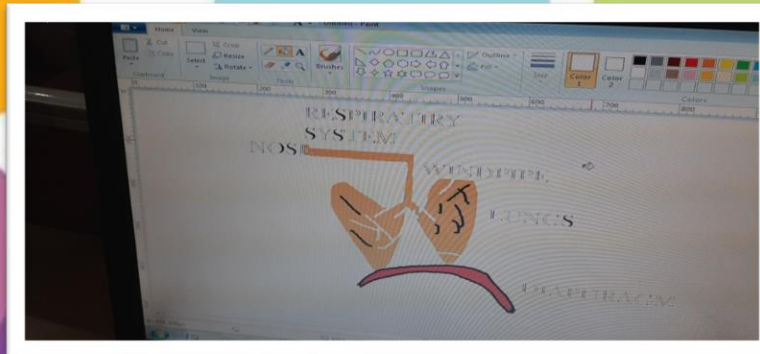

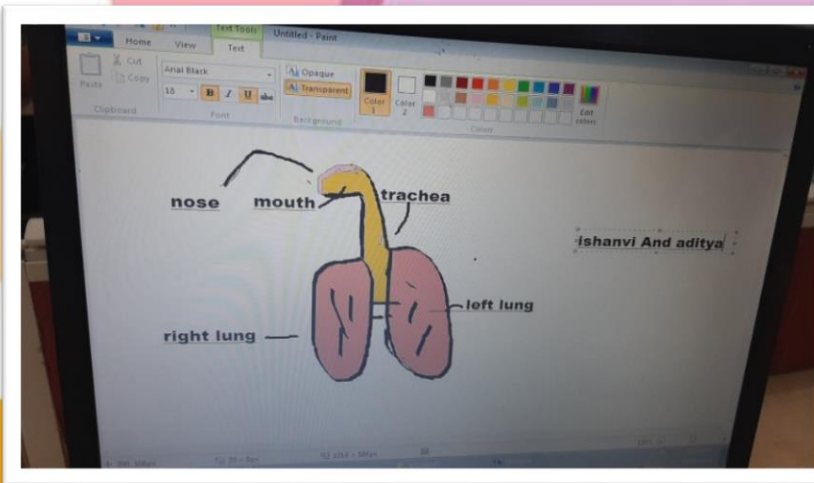

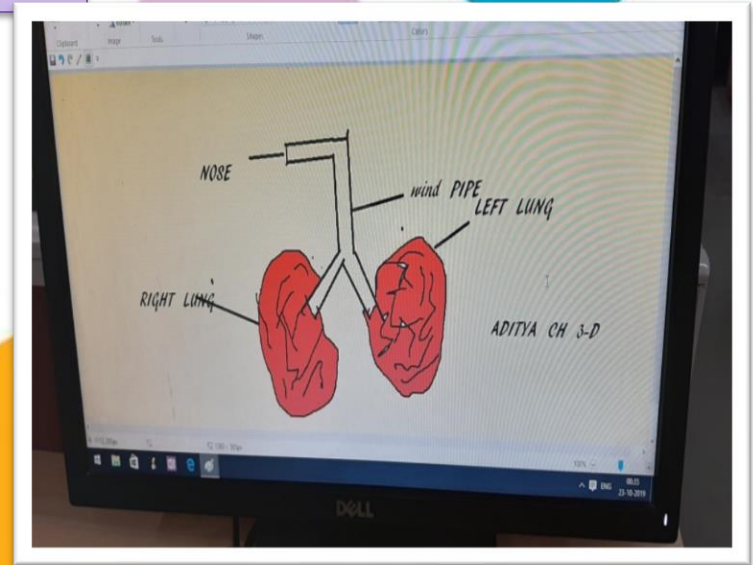

SCIENCE EXPERIMENT

Children were told about cells . To generate curiosity in the children, they were shown the slides of animal and plant cell under the microscope.

IT AND SCIENCE

To enhance the understanding of the organ system children made the diagram of the respiratory system on the MS Paint and labeled it.

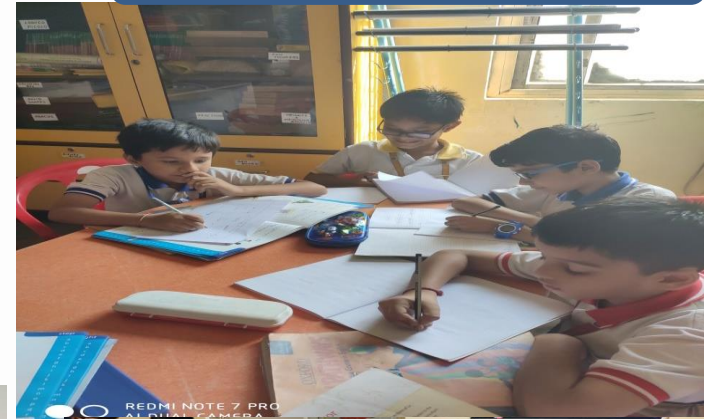

English week-Opening up the wings of imagination

Reading and analyzing the story

Young authors at work

Clash of characters-
When Snowwhite met
Cinderella

LET'S PLAY

To develop the spirit of the sportsmanship in the children a cricket match was organized between class 2 and 3 boys. Tug of war was organized for class 2 and 3 girls. Children really enjoyed the match and were very excited about it.
