During Van Mahotsav week students also expressed themselves by writing poem and drawing posters on importance of plants and forest.

SOCIAL SCIENCE

RESEARCH WORK
The research work was given to trigger the minds of students and to make them aware about the current scenario going around the country

Paragraph writing
Life after Coronavirus
After Coronavirus, all the offices, schools, colleges, malls etc. will open. The people will learn a lesson as they have caused so much harm to the environment and because of them everybody was suffering from the disease. The world's economy will rise and we would have advanced technology. We would become environment friendly. I will plant more trees. Our life will be stressless.

Research
Plasma blood bank Date _____
A plasma bank works like a blood bank and has been created particularly for those who are suffering from COVID-19.
On July 2, 2020, Delhi's Chief Minister, Arvind Kejriwal inaugurated India's first plasma bank at the Institute of Liver and Biliary Sciences (ILBS) to ease access to plasma i.e., being used as a trial to treat COVID-19 patients. The bank will coordinate with patients who have recovered from COVID-19 and are eligible to donate plasma.

Topic - Issue between India and China

Tensions have been escalating since late April, when China sent thousands of troops into the disputed territory along the line of Actual Control (LAC), bringing artillery and vehicles.
Analysts say the Chinese government which has been more assertive in building infrastructure in the area, is anxious to frustrate any effort by India to upgrade its own military installations.
Their refusal to leave disputed areas, including the Galwan Valley inside Indian territory, has triggered shouting matches, stone-throwing and fistfights in the border areas. Last month, there was a massive brawl between patrols, but no death.
Earlier this month senior military leaders from both sides met and made a commitment to disengagement.
What is the history of the dispute?

The collage features several news snippets and maps. The main headline reads: "गलवान से चीनी सेना पीछे हटी" (Chinese army pulled back from Galwan). Other headlines include "चीन से खूनी संघर्ष में बीस जांबाज शहीद" (20 brave soldiers martyred in bloody struggle with China) and "शांति वार्ता के बीच चीन ने सीमा पर तैनाती बढ़ाई" (China increased troops on border during peace talks). There are also smaller headlines like "उपग्रह की तस्वीरों से खुलासा, 36 जून की सहमति के बाद भी निर्माण जारी है" (Satellite images reveal, construction continues even after June 30 agreement) and "चीन की चालबाजी" (China's mischief). Maps show the border regions with labels like "भारत का क्षेत्र" (India's area) and "चीन का क्षेत्र" (China's area).
