Ice Cream Cone Activity

- Colouring by numbers is a fun way for the children.
- In this activity children practised their adding and subtracting skills.

Playing their favorite story character

Rapunzel

Cinderella

Harry Potter

The Frog Prince

The Little Elf

Little chefs giving out their recipes for making sandwiches

Making the 'Adjective tree'

CLASS I - ENGLISH

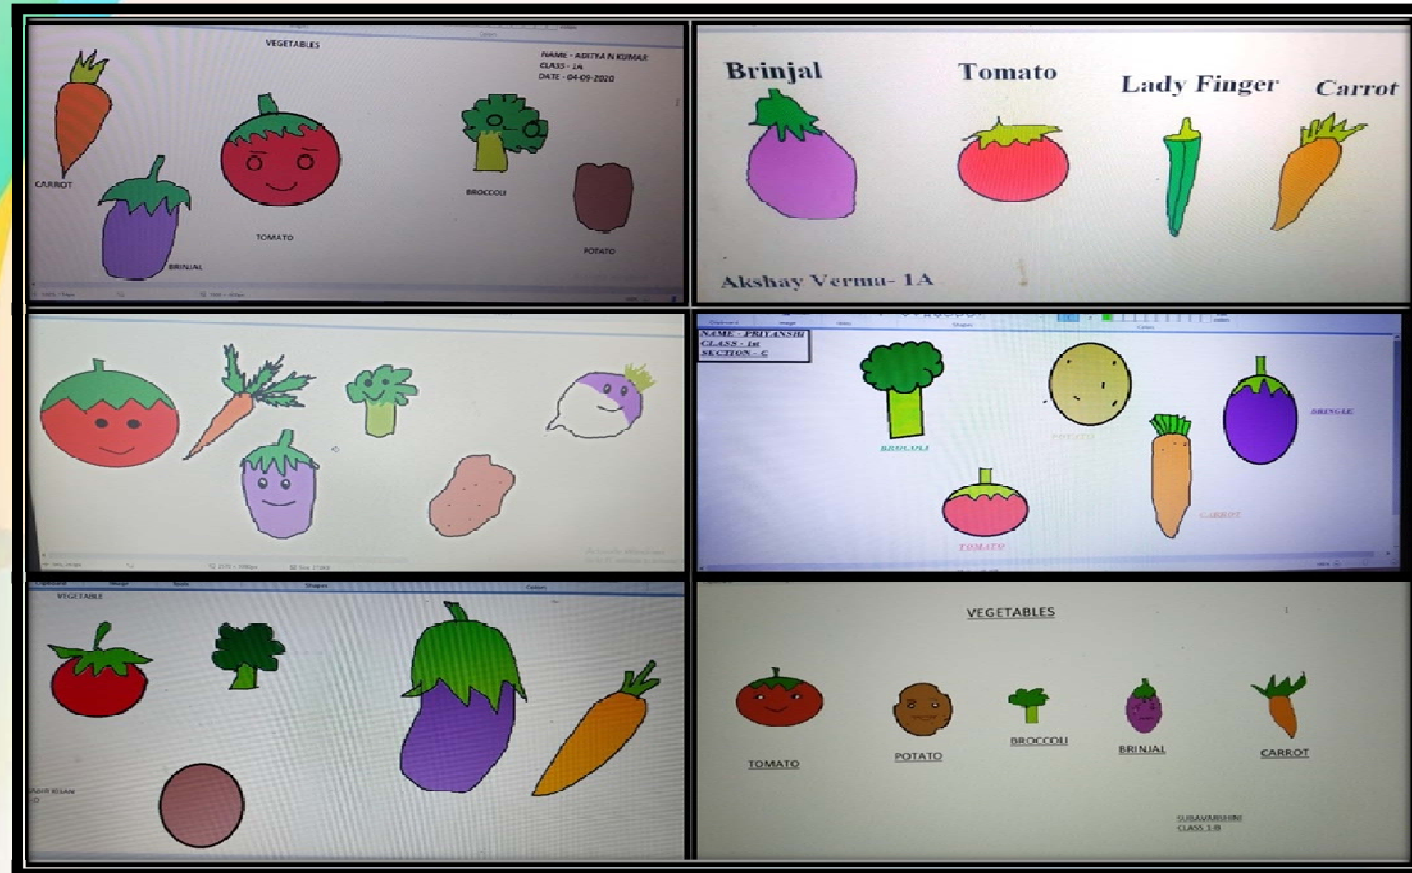

Spontaneous speaking with Spiderman

WHY IS MY APPLE SHINY?

- *To make students understand about organic and inorganic food a demonstration was done.*
- *Students applied wax over the apple to make it shine more.*
- *The apple which had more shine was considered inorganic.*

I CAN MAKE

- Students did 'Healthy Food' activity in their computer class.
- They used various tools while making different vegetables.
- They also wrote the names of the vegetables. Students have become a bit familiar with computer tools.

Learning Life Skills

- Students learnt being mindful through mindfulness exercise during their 'Life Skill' session.
- They also shared their various experiences after doing it.

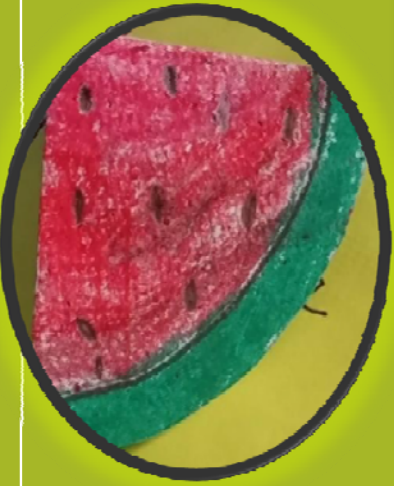

FOOD PLAZA

TRADITIONAL FOOD AND CULTURE

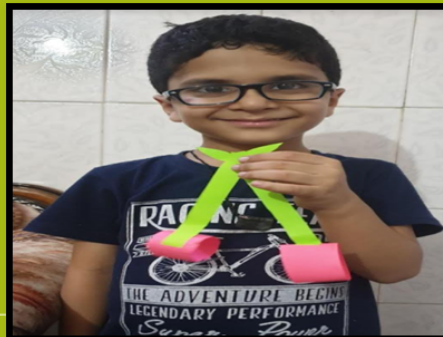

- Children shared traditional food of various states.
- They dressed up beautifully and wore ornaments of their state.
- They shared few lines on the traditional food along with the picture of prepared food.

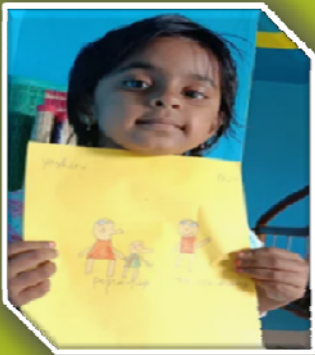

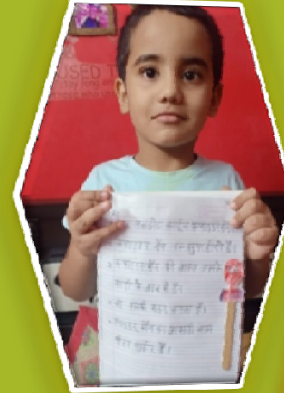

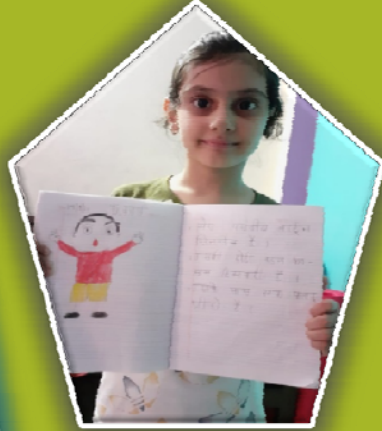

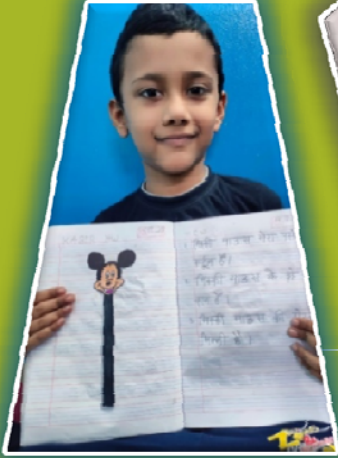

Imagination has no limits

- **Arts and crafts** are a great medium for **kids** to explore their imagination and turn it into something productive.
- The little creators made paper watermelon and carrots with the help of origami and colors.

मन की बात (हिंदी दिवस)

हिंदी दिवस के अवसर पर छात्रों ने अपने पसंद के कार्टून बनाए तथा अपने मन में आए विचारों को प्रकट किया। इस गतिविधि के द्वारा छात्रों के आत्मविश्वास में वृद्धि हुई तथा छात्रों में हिंदी विषय के प्रति रुचि उत्पन्न हुई।
