

LITTLE EXPLORERS

Newsletter

Class –III

Month – September

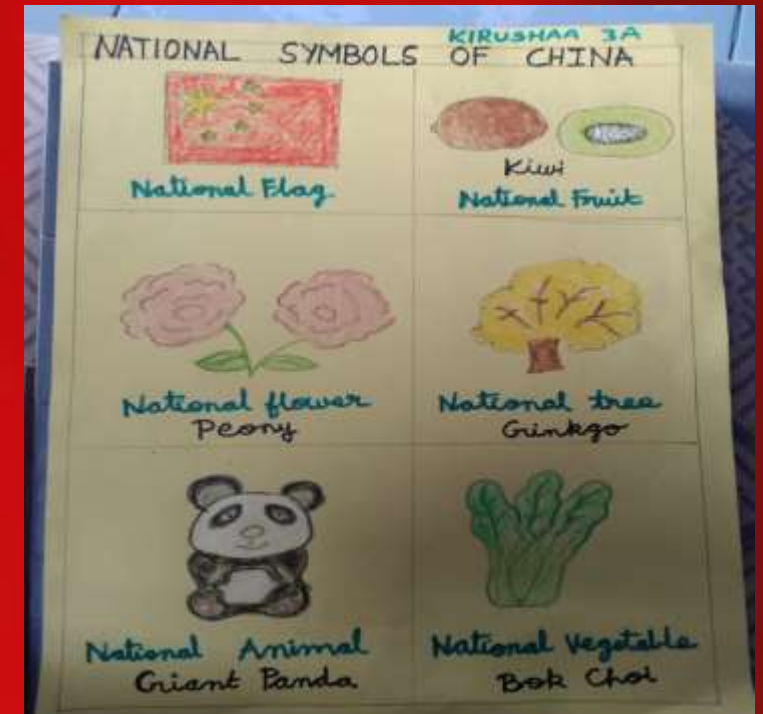

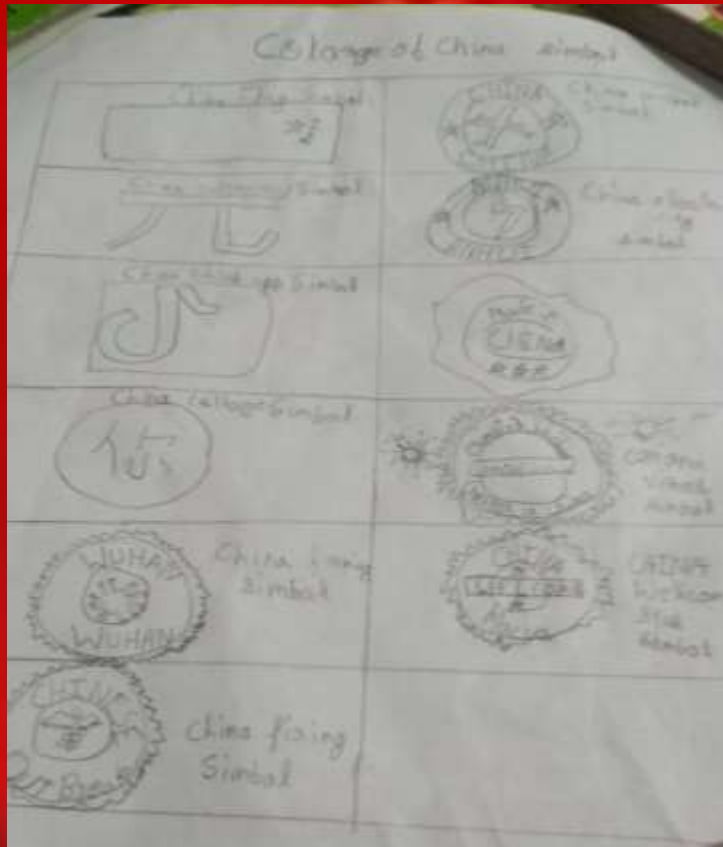

TODAY
is the day to
learn something
NEW

Country of the month - China

Children did research work on national symbols of China and made collage of them.

They were excited to learn new facts about our neighbouring country China.

Our Feathered Friends

Children made puppets of birds and talked about the feathers, beak, claws, eating habits and some special features of the selected bird. Children did this activity enthusiastically.

Let's Build a Nest

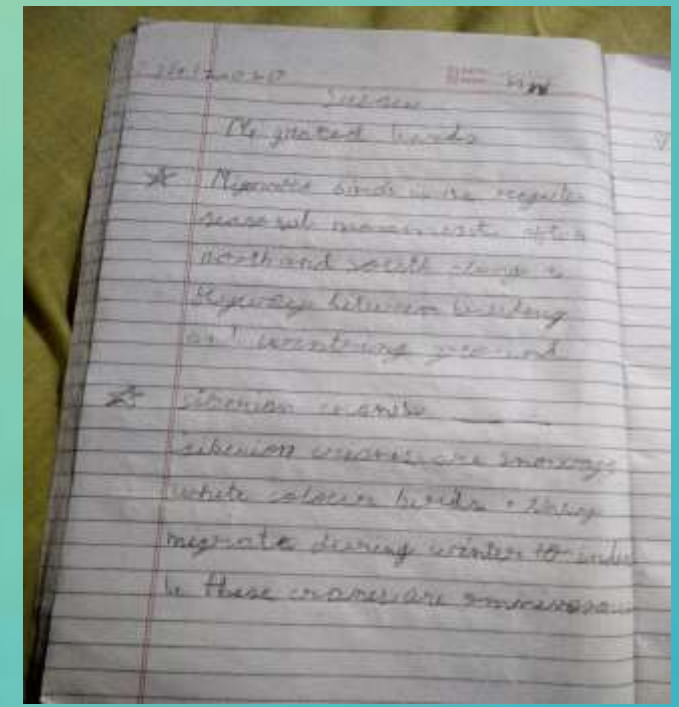

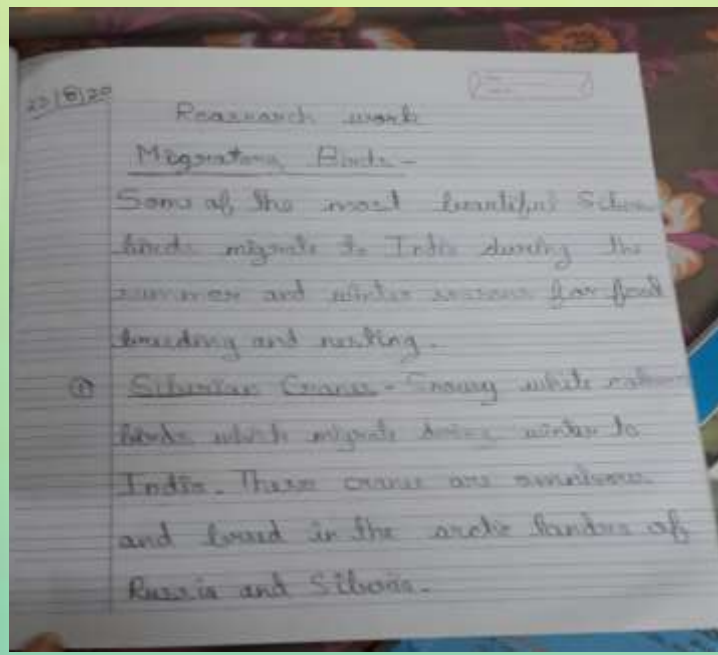

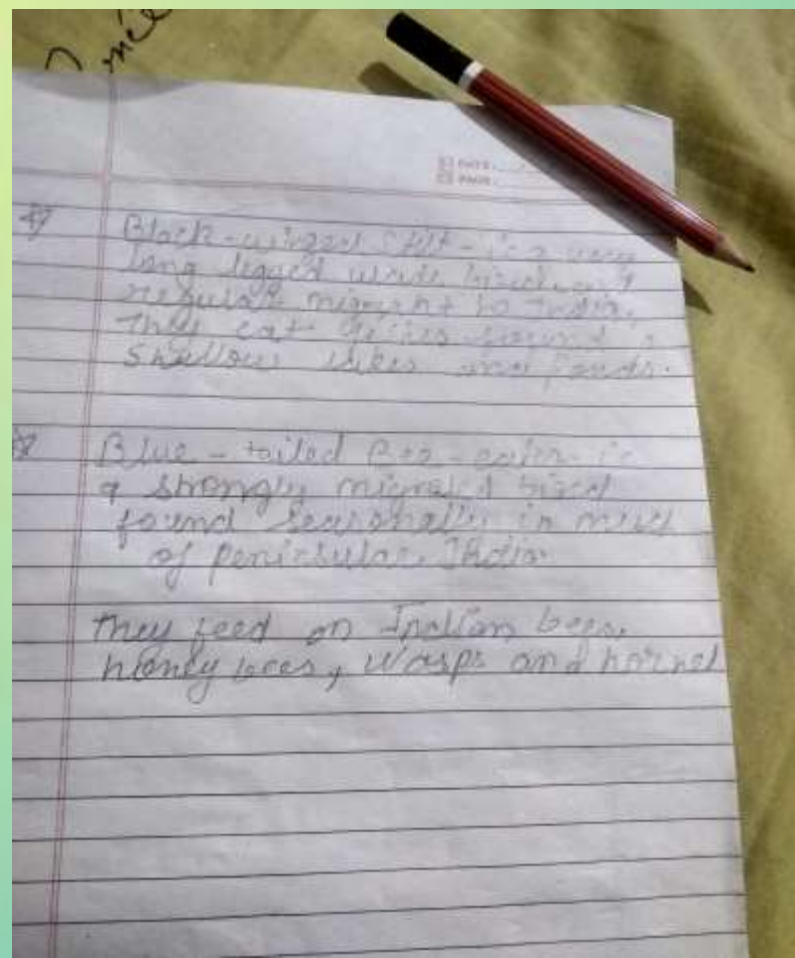

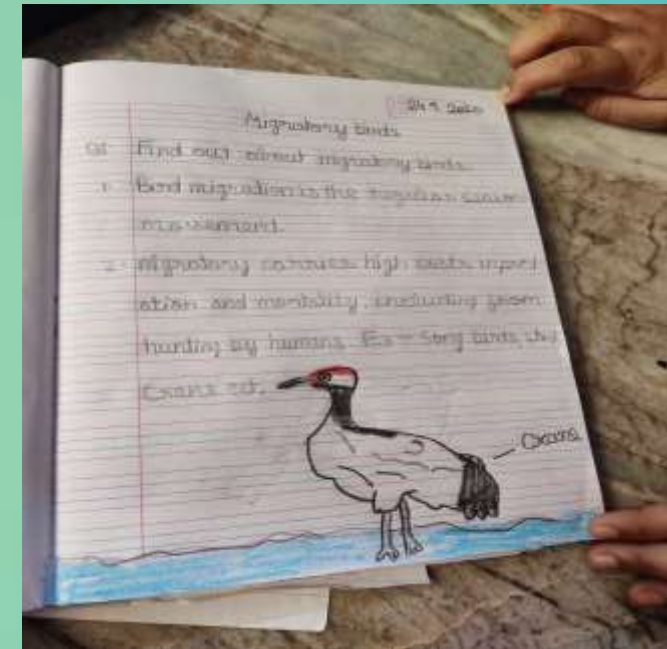

Children made nests with leaves, twigs, coconut shells etc.

They used their creativity and imagination to the fullest in building nests for their feathered friends.

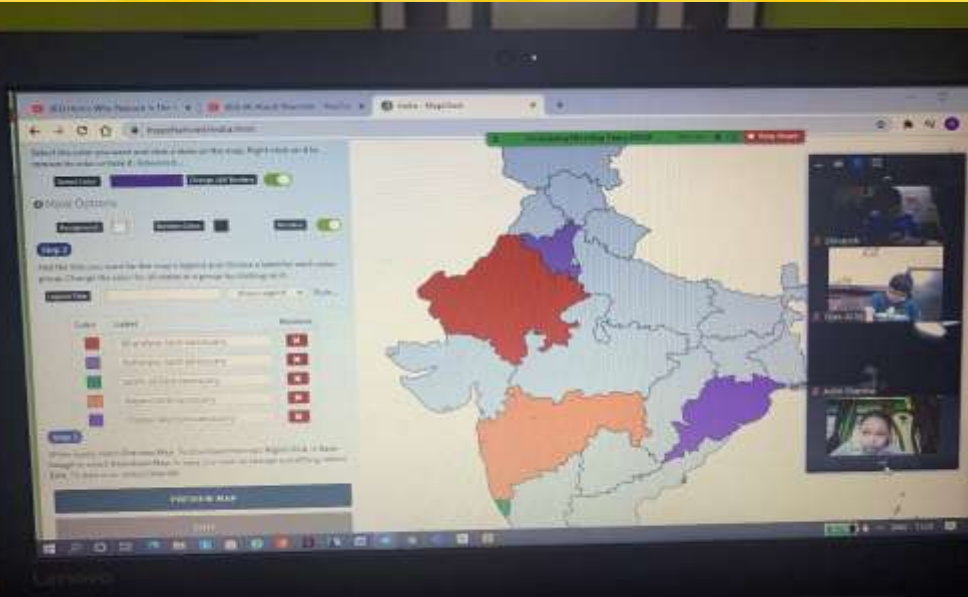

Migratory bird – Research work

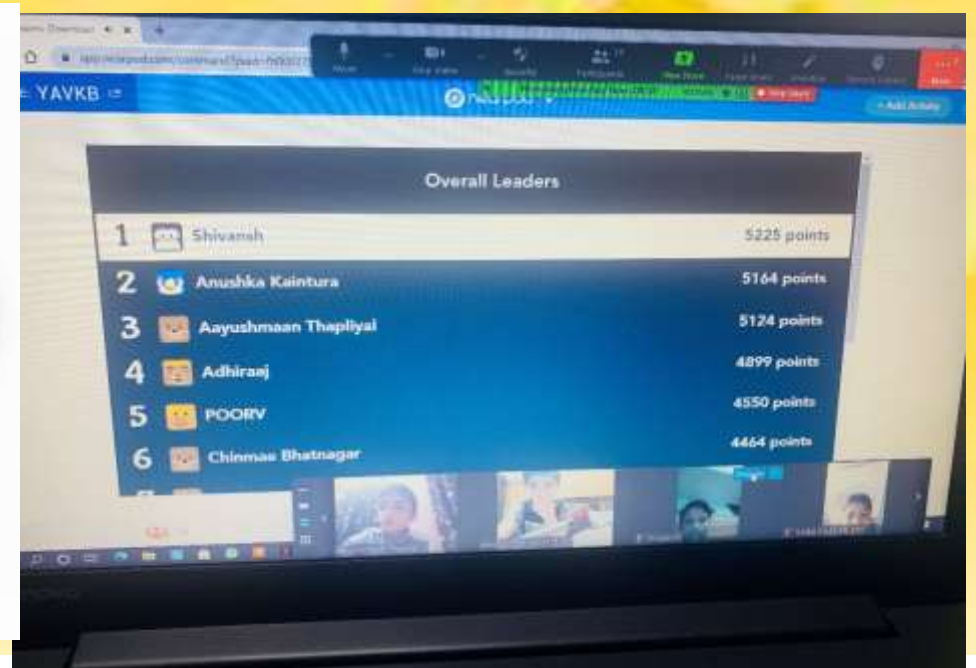

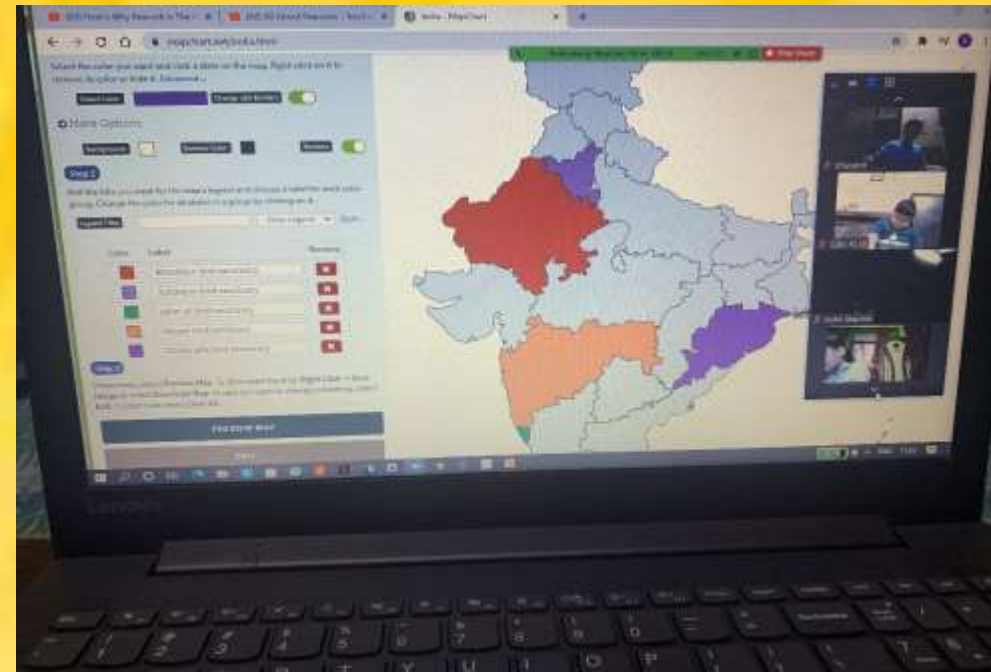

Children did research work on migratory birds to find out why they migrate, how much distance they fly and many other facts about them. Children were very excited to learn about them.

FUN WITH ONLINE GAMES

Various games were made for the children online to enhance learning and keep the topic interesting for the class.

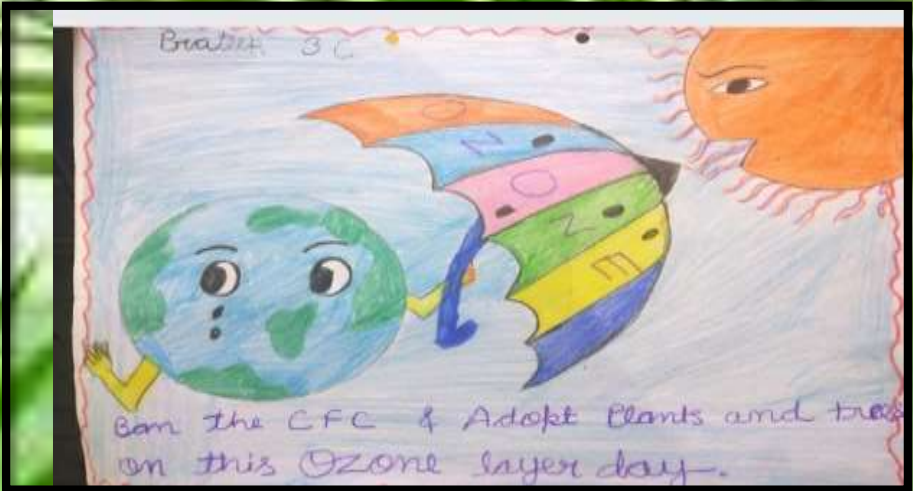

ACTIVITY : I PROMISE TO.....mention any environment protection act done by you .

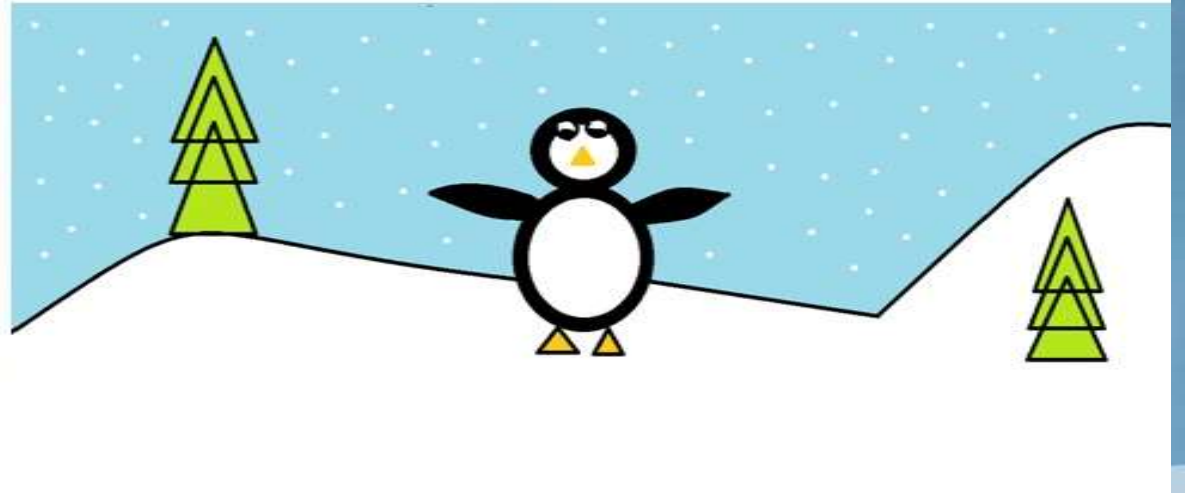

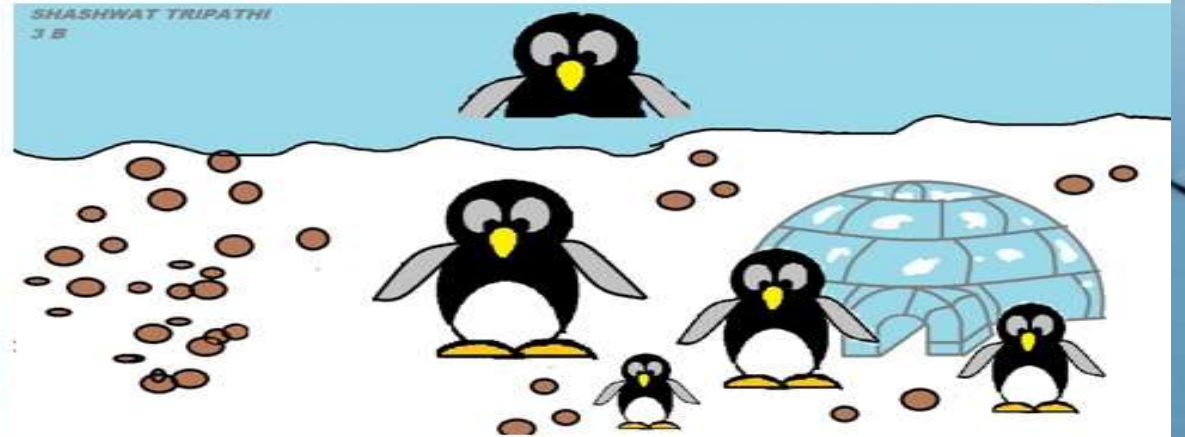

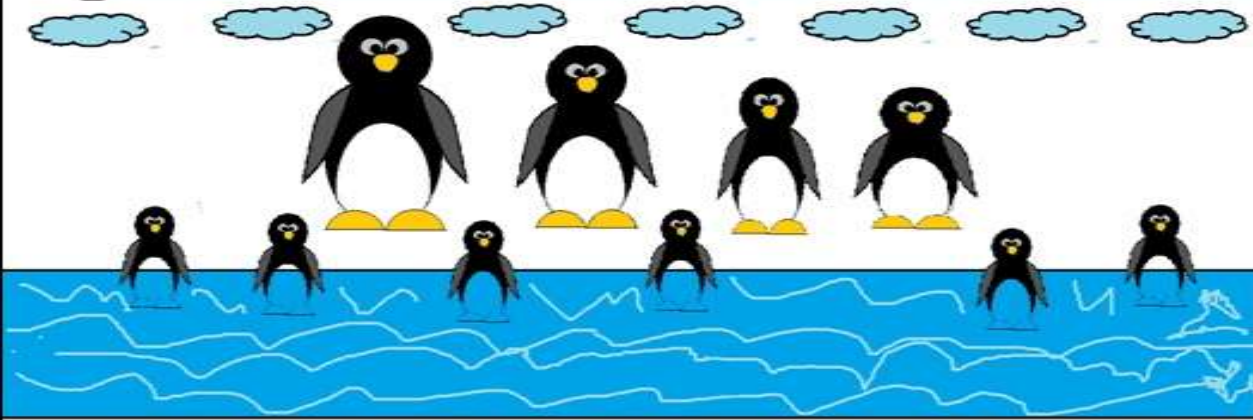

Ozone Day

Children made poster with interesting slogans on spreading awareness about the ozone Layer and various ways to protect it.

Computer Activity Class 3 (Penguins)

Students observed and learned the skill of drawing Penguin and Owl in MS - Paint which helped them strengthen their concept.

ART ATTACK

Topic- Our Feathered Friends

PAPER FEATHERS

SCARE CROWS ARE FUN
